STAND AGAINST RODEO CRUELTY!

Rodeos cause pain and distress for the animals. Horses and bulls are forced to buck, young calves roped and slammed into the ground. Rodeos terrify animals and can cause injury and death.

Sign the petition to ban this cruelty:

To the House of Representatives

We the undersigned respectfully request that the House of Representatives pass legislation to ban rodeos, noting that section 4 of the Animal Welfare Act 1999 requires that animals are not subjected to unreasonable or unnecessary pain or distress, and that causing animals to suffer for entertainment is both unreasonable and unnecessary.

We need your help to get as many signatures as possible. Please ask your friends, family and colleagues to support the ban on rodeos by signing the petition. Once you have as many signatures as possible, please send to the address below.
